The Session recommends that Article V, Section 1 ("ELDERS AND DEACONS) of the bylaws be amended as follows:

*Number and Term. There shall be a board of Elders consisting of ~~thirty-six (36)~~ thirty (30) adult members and ~~one (1)~~ two (2) youth members which is known as the Session. There shall also be a Board of Deacons consisting of forty-eight (48) adult members and (2) youth members. The adult members of each board shall be divided into three equal classes, one class of whom shall be elected each year at the annual ecclesiastical meeting for a three-year term. The youth members of each board shall be elected each year at the annual ecclesiastical meeting for a one-year term. No Elder or Deacon shall be eligible to be re-elected to the respective board at the annual meeting at which a prior full term on that board expires.*

Rationale: This recommendation is in response to two developments. First, the member census of 2024 arrived at a church membership total of just over 3200. A session of 30 adult members better suits this membership total. Second, the session committees and joint session/Trustee committees were reorganized in the spring of 2025 so that there are 15 total committees. This proposal allows for two Elders to be placed on each committee.

This amendment will be implemented over a three year period, beginning in 2027. The Nominating Committee will nominate a slate of ten (10) adult Elders beginning with the class of 2030. The amendment will be fully implemented with the nomination of the Elder class of 2032.
